Playing is Joyful

“Live as if you were to die tomorrow, Learn as if you were to live forever”

Principal's Message

Progress lies not in enhancing what is, but in advancing towards what will be” I am proud to see the Kendriya Vidyalaya Hutti setting out on its journey of further progress into future, The road map is clear and priorities are set. The Vidyalaya will be equipped with high-tech infrastructure in the coming years to develop the 21st century teaching learning skills. The right mixture from the treasure of variant methods of teaching will aim at bridging the gap between the wisdom of tradition and brilliance of technology. Constant training imparted to teachers of KVS will ensure the expertise of the teachers to be well versed with technology aided teaching. I am happy that there is constant effort from the Vidyalaya team determined to achieve our goals.

“Joy of success is found not in finishing an activity but in doing it” Together let us scale a journey of success.

K.V. HUTTI KARNATAKA

Chief Editor

I extend a hearty welcome to all the readers of this issue to glance through its pages and witness the budding talents of our children. Academics and co-curricular activities go hand in hand in building the complete personality of a child.

The child leaves his/her comfortable home, comes to school and with the support of parents and teachers makes learning a joyous pleasurable journey. Together the teacher and the taught work -the support of the teacher help to build the foundation of learning and chart the road map for the further horizon.

I wish for all the children a remarkable success in their entire endeavour.
